The legs are considered as qualification rounds and the best result is counted as qualification point for the 6 M round. Each leg participation is worth 1 point, so in best case the starting point for an archer is 4 in 6M before start of the game.

Win is 2 points, draw is 1 point each.

The categories will be drawn together:

70 meters: recurve juniors, adult, men and women

60 meters: recurve cadets and veterans, men and women

50 meters all compound together

All archers shoot 15 arrows/match. Recurve in set system, compound in cumulated system.

6 matches guaranteed for every participant, after that elimination rounds for the best 32,16,8,4 (4 participants are the minimum in each category) Elimination round as usual.

Only the indicated number of archers go to each round, no pre-seedings is used. In case of same points.

Points will be shown continuously after each round on screens
