

CEC 2018 Meeting Gallizien, Austria

22-nd of September 2018

Participants reps from: Austria, Hungary, Serbia, Slovakia

1 Decision on 2019 rounds

Rules for organizing, the original concept and original rules should be kept.

* Meaning competitions are organized inside the circle of 700km as agreed previous years. Possibly as close to the Austrian-Hungarian-Slovenian border as possible, the center of this circle (See map from past minutes)

*After studying the international calendar we agreed that **4 legs will be held in 2019.**

*CEC is considered as international competition, meaning that national calendar is adjusted to CEC and not vice versa. This is up to each organizing country's Association to watch and ensure.

-to organize a CEC round archers from the organizing country shall be present on more than half of the organized rounds in other countries in at least two consecutive years.

-Costs must be kept down when it comes to travelling, number of nights on place and registration fees.

- CEC is a FITA star event but no WRE where the main target group of ours Juniors and Cadets are not considered. Everyone is welcome to organize WRE and we strive to be present, but not within CEC.

- Results summary must be sent for publication on CEC page after each round and **in excel**, no other format is acceptable.

- Every one decides the entry fee and the way of organizing according to the procedures in the particular country. The main goal is to make a high standard competition for the archers. Keep the time schedule, as much competition as possible, timing system, results in time, help with good-cheap accommodation.

- Invitation has to state what to expect so everyone can prepare such as: Tents, Lunch(es), benches, tables, chairs, the detailed schedule.

Decision was also made that it has to be sent to Sebastian first for a control before sending out to everyone.

6 matches round.

The legs are considered as qualification round and the best result is counted as qualification points for the 6 M round. Each leg participation is worth 1 point, so in best case the starting point for an archer is 4 in 6M before start of the game.

win is 2 points, draw is 1 point each.

The categories will be drawn together:

- 70 meters: recurve juniors, Adult, men and women
- 60 meters: recurve cadets and veterans, men and women
- 50 meters all compound together

all archers shoot 15 arrows/match. Recurve in set system compound point system.

Only the indicated number of archers go each round, no pre-seedings is used. In case of same points

Hungary has existing computer program for it but can be done manually also, easily.
